* Control via **one** Bosch Smart Home Controller & app.

** Functions available after integration into the Bosch Smart Home system or Matter system via the menu on the device.

¹ Possible use depending on the selected Matter Smart Home system (directly integrated as a Matter device or used via the Bosch Smart Home Controller II as a Matter Bridge).

² This function can be used via the room temperature control. The room temperature control combines thermostats in one room to uniformly regulate the temperature in the room.

³ Low battery indicator in the notifications.

⁴ Restricted due to technical limitations.
